

Dear Spa Family,

Over the winter, the roof of Saint Paul the Apostle's church finally reached the end of its useful life.

Work began last week on a much-needed new roof for the church. The parish house roof is completed.

We just learned that we will need to redo the roof over the Gathering Space completely, so the cost of this project has been raised to \$300,000.

Fr. Chris and Parish Leadership are asking you to please help raise the roof. This is a lofty goal, but we have faith that all of us will help the parish maintain God's house.

"*Raise the Roof Giving Wall*" is placed in the gathering space and our website. You can sponsor a section of the roof, shingle or just a nail that holds the roof in place.

Like Jesus, we can all be carpenters for the Lord. Please consider giving today so that we can "Raise the Roof" together!

Have a blessed day!
